**Re: Application of Virgin Mobile USA, L.P. to Participate in the Broadband Adoption Lifeline Pilot Program; *Lifeline and Link Up Reform and Modernization*, WC Docket No. 11-42**

Dear Ms. Dortch:

Virgin Mobile USA, L.P. ("Virgin Mobile" or "the Company"), an affiliate of Sprint Nextel Corporation, herein further supplements the above referenced application to participate in the Broadband Adoption Lifeline Pilot Program ("Program"). The purpose of this supplement is to revise the offers set forth in Table 3 ("Proposed Pilot Project Structure") of Virgin Mobile's Program application submitted on July 2, 2012.

Specifically, for Group 2 and 3 participants, for whom the monthly service cost is \$0, Virgin Mobile will impose a nonrecurring start-up fee of \$20. This \$20 start-up fee will be in addition to the one-time device charge for these groups, which is set at \$10 for Group 2 participants and \$50 for Group 3 participants. Thus, the total nonrecurring charge for Group 2 participants will be \$30, and the total nonrecurring charge for Group 3 participants will be \$70.

Virgin Mobile appreciates the time and effort of Staff in reviewing its application. Please do not hesitate to contact me with any questions.

Sincerely,
